## PRODUCER PROFILE

Region: Serbia  
Country: Serbia

## Plum Slivovitz N/V

### SPIRIT DESCRIPTION

Slivovitz is a small batch, double distilled premium fruit brandy. Perun Slivovitz is made from the Red and Pozegaca plum.

### DISTILLATION PROCESS

Perun Plum Slivovitz is carefully double distilled in small copper stills to produce a spirit that is both refined and sophisticated. The final distillate is at 75% abv. Demineralized water is used to lower it to 43% abv.

### TASTING NOTES

This golden eau de vie is accented beautifully by the oak. An aged spirit, this will stand up to heartier foods and cocktail ingredients. The fruit is not overpowering, and the finish is smooth due to its aging. Enjoy it in a cocktail or as you prefer, though traditionally we drink it chilled or on the rocks.
